FOR IMMEDIATE RELEASE

### PARKING DURING SNOW PLOW OPERATIONS

Mt. Shasta, California, December 16, 2011 – Now that snow season is upon us, The City of Mt. Shasta Public Works Department and Police Department would like to remind everyone not to park on streets or alleys when snow conditions and removal operations exist.

The City of Mt. Shasta Municipal Code requires that vehicles must not be parked on streets during snow removal operations. Vehicles in violation will be towed and stored at the owner's expense and be subject to fines of \$100. The City provides "Snow Parking" areas for people that need a place to park during snow removal operations.

You can park in the following marked areas without being towed. These areas are not intended for long term storage or storage of disabled vehicles for the winter.

- Small dirt parking area behind Sportsman's Den off Castle Street
- Public Parking lot across from Fire Station on W. Lake Street
- Ivy Street between Mt. Shasta Blvd. & Chestnut Street – (South side only)
- Little League ball park on Washington Drive behind Sisson School - (park near snow parking signs.)
- Parking lot off of Alma St. between N. Mt. Shasta Blvd. and R.R. tracks.

If you have any questions regarding snow parking and removal operations, Frequently Asked Questions are available at City Hall and the Police Department, or you may contact any of the following departments:

- City Hall – (530) 926-7510
- Public Works Department – (530) 926-7526
- Police Department – (530) 926-7540
